Timothy Harrington, United States Marine Corps, MassBay Class of 2013 (Associate Degree in Criminal Justice)

“MassBay has been a comfortable environment for me. Professors are always very approachable, the classroom environment is small, and because it’s a state school my tuition and fees are entirely covered.”

MassBay Community College is approved by the Department of Veterans Affairs to certify students eligible to receive Veterans (GI Bill®) Education Benefits. Veterans of the U.S. Armed Forces, reservists, and dependents of veterans may be eligible for V.A. education benefits. Students may apply for educational benefits for full or part time enrollment. The V.A. Certifying Official does not determine eligibility but provides advising on application procedures and certifies enrollment and attendance to the V.A.

MassBay Community College accepts credit for military service as per ACE guidelines and SOC recommendations, as credit applies toward choice of major.

Visit www.gibill.va.gov for information about GI Bill® Education Benefits.

Massachusetts residents who are members in good standing with the Massachusetts National Guard are eligible for a tuition and fee reimbursement program for day and evening credit classes.
