Posting of Notices

Posting of non-library notices (including posters, notes, announcements, flyers, advertisements, signs, hand-bills, cards, etc.) in the public areas of the library, with the exception of the designated bulletin boards is prohibited. Public areas include the Atrium, the conference rooms, lobbies, doors, elevator, hallways, windows, restrooms, book stacks, and public entrances. Notices posted in these areas will be removed.

This policy is intended to maintain the library as an attractive and uncluttered environment. It will also increase the effectiveness of notices and signs posted by the library staff, which are intended to assist and inform those who use our resources.
