

PROGRAM CURRICULUM

Automotive Technology Toyota/Lexus Certificate Program

DIVISION OF TRANSPORTATION & ENERGY

The Toyota Technical Education Network (T-TEN) program is designed to provide the technical competence and professionalism needed to become a dealership technician. The T-TEN program involves automotive lecture/laboratory instruction focusing on Toyota/Lexus products at the MassBay Automotive Technology Center. Students are also required to work at a Toyota/Lexus dealership as part of the cooperative education phase of their training. The T-TEN program is a collaborative effort between MassBay Community College and Toyota. The College retains the academic and administrative responsibility for the program, which is certified by the National Automotive Technicians Education Foundation (NATEF) in alleight performance areas.

Students also earn technical course credits from the University of Toyota/Lexus College.

Upon successful completion, the Certificate in Automotive Technology with a concentration in Toyota (T-TEN) is awarded.

ADMISSION REQUIREMENTS

Minimum eligibility for admission to this program includes:

- Valid driver’s license
(May be subject to dealership review of driving record and drug testing)
