

# Web Master

## Certificate

 MassBay courses are offered days, evenings, weekends, and online. View the complete list of online courses at [www.massbay.edu/uploadedFiles/online.pdf](http://www.massbay.edu/uploadedFiles/online.pdf).

Check current course availability at [www.massbay.edu/courses](http://www.massbay.edu/courses)

### **DIVISION OF SCIENCE, TECHNOLOGY, ENGINEERING & MATHEMATICS**

This certificate introduces students to the web technologies required to create, manage, and host a web site. Students completing a Web Master Certificate are proficient at blending the art of HTML-coding with the visual arts to create pages that are content rich and visually pleasing. They are proficient at page layout, image creation and manipulation, interactivity, content creation, as well as project and business management.

Upon successful completion, the Certificate in Web Master is awarded.
