Ryan Malloy  
Charles Mosser  
Romuald Noelsaint  
Karen Palmer  
Pedro Prado  
Stephanie Rostolsky  
Graziela Soares  
Robert Steck  
Johanna Teahan

Alpha Beta Gamma's mission is to recognize and reward business honor students for their achievements and honor professionals for their contributions to continuing education and business. Besides being recognized for their individual academic accomplishments, students gain the opportunity to pursue leadership roles through chapter officer positions, exchange ideas at local chapter functions, network with other business students and leaders, earn scholarships to four-year colleges, and enhance applications toward four-year universities or employment. In addition, the society helps bring business professionals, community leaders, and guest speakers on campus to guide and inspire business students.

[MassBay Community College](#) awards associate degrees and certificates in over 60 academic programs in a wide range of career-driven subjects ranging from accounting and automotive technology to forensic DNA science and early childhood education. The College's facilities in Wellesley Hills, Framingham and Ashland house day, evening and weekend classes that meet the needs of degree-seeking students and career minded life-long learners. Online options provide convenience and allow faculty to facilitate the learning process. Since its founding in 1961, MassBay has been accredited by several governing bodies and strives to meet the needs of the diverse local communities it serves.
