

ACCELERATED DEGREE COMPLETION PROGRAM

Two years to complete a bachelor's in computer science or management studies from Boston University—and get on the fast track to a master's degree.

PROGRAM AT-A-GLANCE

ACCELERATED PROGRAM

From start to finish, you'll complete your bachelor's at Boston University in just two years—four semesters and two summers. Check admissions criteria below to see if you're eligible.

TWO MAJORS

Choose from two degree options culminating in either a Bachelor of Science in Computer Science or a Bachelor of Science in Management Studies. Programs blend theory with practical application to help you advance in your present career or become more marketable in your field. You'll also get a well-rounded liberal arts background.

AFFORDABLE TUITION

Pay part-time tuition for the equivalent of full-time study—all course books included. Plus, you have access to the full campus resources of Boston University.

FINANCIAL ASSISTANCE

Take advantage of Metropolitan College's wide variety of community-oriented scholarships and federal financial aid to help bring a Boston University education within reach.

COHORT MODEL

Benefit from the relationships forged among a cohort of professionals and enjoy the support of peers. You'll attend the majority of your courses with the same group of students—your graduating class—with the exception of summer courses that are taken with the entire student body. Plus, you can walk in the May graduation ceremony prior to your last summer of study.

CONVENIENT SCHEDULE

Tailored to meet the needs of busy professionals and reduce commuting time, this campus-based program is structured to include a combination of traditional classroom, blended, and online course formats.

DISTINGUISHED FACULTY

Learn with Boston University's world-class faculty of scholars and industry veterans, and flourish with the support of Metropolitan College's dedicated academic counselors.

NETWORKING OPPORTUNITIES

Connect with motivated professionals who share your energy level and commitment, and tap into the career networks and recreational resources of Boston University.

MASTER'S TRACK OPPORTUNITY

Get on track to a master's . . . Upon completion of the program, if your GPA is 3.0 or higher, you'll be guaranteed admission to a MET graduate degree program in Administrative Studies or Computer Science. Plus, two courses may be applied toward the master's degree.

ADMISSIONS CRITERIA

Admission to this program is competitive. Applicants must have:

- A minimum of 64 transferable college semester credits
- College-level courses in English composition and math (introductory programming is also required for computer science majors)
- Demonstrated work experience

THE ADCP OFFERS TWO MAJORS

COMPUTER SCIENCE

A comprehensive foundation in the liberal arts and sciences is combined with focused exploration of the various disciplines of information technology and the latest industry tools and techniques. Develop valuable experience and professional skills in areas such as object-oriented programming and Java.

DEGREE REQUIREMENTS

(A total of 64 credits is required)

COMPUTER SCIENCE

- **MET CS 232** Programming with Java
- **MET CS 248** Introduction to Discrete Mathematics
- **MET CS 342** Data Structures with Java
- **MET CS 401** Introduction to Web Application Development
- **MET CS 432** IT Project Management
- **MET CS 472** Computer Architecture
- **MET CS 473** Software Engineering
- **MET CS 535** Computer Networks
- **MET CS 565** Advanced Java Programming
- **MET CS 575** Operating Systems*
- **MET CS 579** Database Management*
- **MET HU 400** Great Works of the Modern Era
- **MET IS 400** Great Ideas in Western Thought
- **MET IS 401** Communication Skills 1
- **MET IS 403** Natural Science in Contemporary Society
- **MET MA 123** Calculus I

MANAGEMENT STUDIES

A comprehensive foundation in the liberal arts and sciences is combined with investigation of state-of-the-art management theory and practice in a wide range of topics such as finance, e-commerce, market analysis, and project and operations management.

DEGREE REQUIREMENTS

(A total of 64 credits is required)

MANAGEMENT CORE

- **MET HU 400** Great Works of the Modern Era
- **MET IS 400** Great Ideas in Western Thought
- **MET IS 401** Communication Skills 1
- **MET IS 403** Natural Science in Contemporary Society
- **MET MG 410** Entrepreneurial Management
- **MET MG 415** Project Management
- **MET MG 448** Electronic Commerce, Systems, and Web Design
- **MET MG 460** Senior Project I
- **MET MG 461** Senior Project II
- **MET MG 472** Financial Concepts
- **MET MG 473** Quantitative and Qualitative Decision-Making
- **MET MG 503** Business in a Changing Society
- **MET MG 520** International Business Management
- **MET MG 541** The Innovation Process: Developing New Products and Services*
- **MET MG 550** International Business Law and Regulation*
- **MET** One Humanities Elective

*May be applied toward master's degree.
