

SNHU has a \$3,000 Scholarship Just for You!

SNHU knows how hard you work and we want to recognize your efforts by offering a \$3,000 Regional Community College Articulation Scholarship. This scholarship ensures that every student transferring from a New England community college to our undergraduate day program receives our new scholarship. You may also receive additional academic scholarships based on your GPA.

Phi Theta Kappa students are still also eligible for an additional \$2,000 scholarship for their academic achievements.

You can now earn up to \$18,000 in scholarships if you apply by our priority deadline of June 1!

At SNHU, flexibility is key, but not at the cost of quality. Last year, we were recognized as the most innovative educational institution in the world by Fast Company Magazine, and we offer more than 40 majors at our 300-acre Manchester campus. You may also attend class at one of our satellite centers or complete a degree entirely online.

SNHU will be on your campus this semester, but we ask that you help spread the word. We'd love to continue this scholarship for years to come!

Best regards,
Bethany Perkins
Director of Transfer Admission

P.S. [Apply today](#) to obtain your additional \$3,000 scholarship.
