Your dreams. Our mission.

At Massachusetts Bay Community College (MassBay) you can earn an associate degree or certificate, explore career options, and sharpen your professional skills. We offer a quality, affordable education, a seamless transfer of credits to four-year institutions, practical experience in career-driven areas of study, and convenient locations, programs, and online offerings to accommodate your busy schedule.

Whether you are beginning your higher education journey, deciding on a new career path, or striving to improve your professional skill set, MassBay can help you achieve your academic goals.

By 2018 72% of jobs in Massachusetts will require some college education - the highest percentage of any state in the nation.
- Massachusetts Department of Higher Education, The Vision Project, *Time to Lead* -
At MassBay Community College, we tailor our high quality educational offerings to suit your specific needs. Explore how our programs will jumpstart your career. Learn how our transfer options, convenience, and affordability enhance your experience at MassBay and beyond. Discover how our diverse, vibrant on-campus student experience compliments our academic environment.

At MassBay your dreams are our mission. Enroll today, and let us help you on your path to success!
Career Skills

Whether you’re changing careers, sharpening your professional skills, or exploring your career options, MassBay has programs that can help you succeed. We align our academic programs to the current and future needs of the Massachusetts workforce, offering degrees and certificates in information technology, life sciences, engineering, computer science, health care, business, automotive technology and more. Many programs feature hands-on experience in the field, and our career counselors are available to help you decide and advance on the career path you choose.

Jumpstart your career at MassBay!

Transfer Options

At MassBay students start here and go anywhere. Begin your college experience with an associate degree or certificate from MassBay, and then transfer those credits toward a bachelor degree at the four-year institution of your choice. MassBay credits are often less expensive than those at four-year institutions, and they fulfill prerequisite requirements or can be applied toward your intended major.

Our experienced transfer counselors are on campus to help you decide which four-year institution is right for you and to ensure your transition is a smooth one. Spend a year or two with us at MassBay and take advantage of our convenience, affordability, and quality, and then transfer your credits to a bachelor’s program – it’s a smart way to navigate today’s high-cost higher education environment!

85% of currently enrolled MassBay students plan to continue their education beyond MassBay.
- MassBay Student Survey, fall 2011 -
Convenience
Whether you’re taking a full course load or just a few classes, MassBay has options to meet your busy lifestyle.

Online Learning
MassBay offers a growing number of courses fully or partially online, including several degree and certificate programs that can be completed without ever attending an on-campus class. Professors who teach online courses are specially trained and supported to ensure our online offerings are of the same standard of excellence as our in-person courses. Discover how our for-credit online classes can provide you with the convenience and flexibility you need as you pursue your academic goals at MassBay.

Evening and Weekend Programming
Many of MassBay’s courses can be taken in the evenings or on weekends. Courses include some of our most popular majors including business, the sciences, health care, and liberal arts. Evening and weekend courses are taught by distinguished, highly qualified professors who have earned a minimum of a master’s degree in their subject area. Evening and Weekend Programming also includes accelerated programs in winter, where students earn three credits in two weeks, and a robust summer session that features a six-week program or a three weekend program. At MassBay you can get the career skills you need, at the times you want.

“To come back to school and start all over again was a bit intimidating, but the professors were so encouraging, and they’ve really made me feel comfortable. It’s been a fabulous experience.”
- Michelle Sheppard, Early Childhood Education

98.7% of MassBay students say they would recommend MassBay to another student.
- MassBay Student Survey, fall 2011 -
Three MetroWest Locations

MassBay Community College is conveniently located in the heart of MetroWest. At our Wellesley Hills location, you’ll find many of our liberal arts and science programs, our main library and administrative services. Our Framingham campus is home to our world-class health science programs and our early childhood education program. At our Technology Center in Ashland, you will find MassBay’s exceptional automotive technology programs. Visit us today!

The Metro South/West region is the second largest labor market in the state, accounting for 531,000 jobs (16.8% of the total number of jobs in Massachusetts).

- Commonwealth Corporation & Federal Reserve Bank of Boston, Labor market Trends in the Metro South/West Region, June 2012 -
Affordability

At MassBay we recognize the importance of an affordable higher education experience. Part of our mission is to keep our tuition and fees low, ensuring anyone who wants to attend college will have the opportunity to do so here at MassBay.

Financial Aid

Our experienced financial aid counselors are ready to explore with you the available resources to help finance your education. Our counselors are available to assist you with your aid applications, ensure you meet deadlines, and assist with other requirements. Financial aid is available to all qualified students.

Scholarships

Through the generosity of members of the MassBay community, a wide range of scholarships are available to our students. Scholarships are awarded based on academic achievement, financial need, athletic accomplishments, participation in the arts, for international students, and much more. We encourage you to explore all the scholarships we offer!

“The average debt of MassBay graduates is $5,500 (borrowed over three years), about 1/5 the national average of $26,600 (class of 2011).
At MassBay, faculty and staff are dedicated to your academic success. Our experienced professors are accessible, knowledgeable, and engaging, blending real-world understanding with a passion for teaching. At MassBay you’ll find a wide range of academic support services including an Academic Achievement Center featuring full-time Learning Specialists who provide free one-on-one tutoring services and homework help, test prep services, and academic planning assistance.

Learning opportunities extend beyond the classroom and include online and hybrid courses, directed studies, service learning, honors programs, learning communities, study abroad programs, disability resources and peer mentoring.

At MassBay, all of our students can find the support services they need to reach their highest academic potential.

“\nWhat I learned about my education was you get what you put into it. I am where I am today because the professors took the time to help me grow as a student and as a person in life.”
Jonathan Corkum - MassBay alumni and CEO of an environmental technology company

Student Life

With a diverse, engaged and collegial student body, every MassBay student will find a welcoming, supportive college environment. Students are encouraged to join one of our 25 co-curricular clubs, attend on-campus cultural and educational activities and performances, take advantage of our exciting study abroad programs, join an athletics team, run for a seat on the Student Government, and get involved.

Whatever your interests, taking advantage of MassBay’s vibrant student life is a fun way to make friends and enrich your college experience.
Athletics

Are you interested in playing a collegiate sport? Or are you a fan who enjoys cheering for your team? MassBay athletics unites Buccaneer fans throughout the region. Featuring our national powerhouse men’s basketball program led by New England Basketball Hall of Fame coach Bill Raynor, the team is perennially ranked among the top ten in the nation. In addition, MassBay offers soccer, baseball, and intramural/club sports.

All MassBay students are invited to try out for the teams, so if you enjoy athletic competition you might be the next Buccaneer star! Whether you are an athlete, a fan, or want to show your school spirit, our athletics program enriches your student experience at MassBay. Go Bucs!
Academic Divisions

MassBay offers 80 associate degree and certificate programs in four academic divisions: Health Sciences; Humanities; Science, Technology, Engineering & Mathematics (STEM); Social Sciences & Professional Studies; and the Department of Automotive Technology. Within each division, students benefit from a dynamic learning environment facilitated by accomplished faculty with strong connections to business and industry. Our associate degree programs often become the first step of our students’ higher education journey, as they seamlessly transfer MassBay credits to dozens of public and private four-year institutions around the nation.

Start at MassBay, and go anywhere!
MassBay offers 80 full and part-time associate degree and certificate programs in:

- Liberal Arts
- The Sciences
- Professional Studies
- Social Sciences
- Automotive Technology
- Health Sciences.
44% of the current Massachusetts job market requires more than a high school diploma, but less than a four-year degree.

- Massachusetts Department of Higher Education, The Vision Project, *Time to Lead* -
Division of Health Sciences

Located on our Framingham campus, the Division of Health Sciences offers high quality, competency-based associate degree and certificate programs that serve the needs of the health care industry. The latest technology is incorporated into lecture, laboratory, clinical, and practicum experiences to provide optimal preparation for today’s modern workplace.

Associate degree and certificate programs in the Health Sciences Division include nursing (day and evening options), phlebotomy, paramedicine, radiologic technology, surgical technology, central services & material management, medical coding, central processing technology, emergency medical technician (EMT), and more. Our experienced Health Sciences faculty and staff ensure students develop the required skills in the dynamic, rewarding field of health care.
Division of Humanities

The Division of Humanities offers programs which focus on a broad understanding of the world while developing writing, critical thinking and problem-solving skills. Humanities courses introduce students to the cultural forces that shape human existence from artistic, literary, philosophical and linguistic perspectives.

Course offerings include art, communications, critical thinking, film, philosophy, photography, public relations, sign language, and foreign languages. The liberal arts have always been at the core of the college experience providing skills and knowledge for any academic, career, or life path.

137,000 students are taking credit courses at Massachusetts community colleges - nearly 50% of the state’s public higher education enrollees.
- Massachusetts Department of Higher Education, The Vision Project, *Time to Lead* -
Division of Social Sciences & Professional Studies

The Social Sciences & Professional Studies Division prepares students for a variety of fulfilling and challenging career options in educational, business, community, and legal settings.

Social Science courses explore the development and complexity of human beings and human societies. Associate degree and certificate programs include anthropology, education, global studies, psychology, and sociology.

Professional Studies courses combine theory and practical application of learning. Associate degree and certificate programs include accounting, business administration, community health, criminal justice, human services, interior design, hospitality management, paralegal studies, and management.
Division of Science, Technology, Engineering & Mathematics (STEM)

MassBay’s world-class STEM Division programs provide students with the academic training required to pursue the growing number of science-based careers. Programs integrate classroom study with lab work using our on-campus state-of-the-art equipment.

MassBay STEM Division faculty members have distinguished themselves in their areas of expertise, and students benefit from their academic and professional experience. Associate degree and certificate programs are offered in lucrative, cutting-edge fields including biotechnology, computer science, engineering, information technology, and environmental science.

1 of every 18 jobs in USA is in a STEM related field, with wages that are 26% higher than non-STEM jobs. More than two million new STEM jobs are expected by 2015.

Department of Automotive Technology

The Department of Automotive Technology associate degree and certificate programs prepare students for a career as a factory-certified automotive technician. Students are trained on world-class diagnostic equipment in our Automotive Technology Center in Ashland, one of the premier automotive training centers in New England, where students identify solutions and complete repairs on today’s complex vehicles. Associate degree programs integrate work experience through a paid cooperative education component. Students work in local dealerships and gain additional technical, customer service, and business management training.

MassBay Automotive Technology programs boast a 98% placement rate of our graduates into full-time, rewarding positions in the field. Associate degree program options include BMW, General Motors, Toyota/Lexus, and Chrysler/Jeep/Dodge Ram.

98% of graduates from MassBay’s Automotive Technology programs have jobs in the industry within six months of graduating.
Join us!

For more than 50 years, our faculty and staff have been changing lives and building futures. MassBay Community College has opened doors for our students and alumni, and we are confident that important steps toward your career success begin right here – on our Wellesley Hills or Framingham campuses, at our Automotive Technology Center in Ashland, or via our robust selection of online courses.

Throughout our history the College has grown and adapted to employer demand by offering new academic programs, a tradition that continues today. MassBay has become a vital cog in the MetroWest economic engine, partnering with area businesses and stakeholders to enhance economic and workforce development for the communities we serve. Get started on your path to career success today, and join our more than 18,000 graduates who live and work in Massachusetts.

We look forward to seeing you on campus!
