LEAD Program

MassBay has a Student Leadership Development Program called the LEAD Program.

Leadership development/training is essential for ANY major or career.

AT MASSBAY, WE BELIEVE LEADERSHIP IS...

- Obtainable by all students (every student can be a leader)
- A process, not a position
- Skills that can be developed
- Different for everyone (there are all types of roles that leaders can fulfill)
- Activities that have positive impacts on both personal & professional goals
- Something that occurs in many varieties of groups and settings
- Building an independent identity

For more information about activities on campus or LEAD, feel free to contact us:

BENEFITS OF THE LEADERSHIP PROGRAM:

- Gain practical experience in cooperative teamwork, creative problem solving, and being an effective leader
- Further develop self-awareness and interpersonal skills, and learn about group dynamics
- Develop relationships with other students, faculty, staff, and administrators
- Have fun!
