The first is a showing of the exhibition, *Literature of Prescription: Charlotte Perkins Gilman and "The Yellow Wall-Paper"*, which explores the "story behind Gilman's indictment of the medical profession and the social conventions restricting women's professional and creative opportunities." This is a traveling exhibit courtesy of the National Library of Medicine. The Literature of Prescription, will be on display in the Library Atrium during the first week of April (4/1 – 4/5).

The second event is an Open House which will be held on both the Framingham and Wellesley Hills Campus Libraries on April 17th from 1-2pm during the Common Hour. Refreshments will be provided and staff will be available to answer questions about Library resources and services. This is your opportunity to learn more about the Library and how it can help with academic success.
