Student Government Association

The Student Government Association (SGA) is the student governing body at MassBay, and is open to all students. SGA represents the official voice of the student body and student opinion on issues that affect all MassBay students. SGA is comprised of eighteen (18) elected students as well as several volunteers. These students meet regularly with faculty, staff, and administrators to improve the quality of the student experience at MassBay. SGA meetings are open to all students, faculty, and staff members.

SGA is one of the best opportunities students have to get involved on campus, learn about all that MassBay has to offer, participate in the community, meet new people, and have their input about MassBay be heard!
